CITY CRITTERS IN WINTER

How do you know if you're a City Critter? You're between 4-5 years old, love to be outside, don't mind getting a little messy and think that birds, creeks, flowers and all bugs (well, maybe not mosquitoes) are wonderful. Each City Critter program meets for 6 90-minute sessions. City Critters will develop new skills through short out-door explorations, music, games and art. All activities correlate to the Virginia Foundation Blocks for Early Learning. We never know what we'll be doing so dress for the weather and dress for a mess!

Instructor: Elizabeth Burke

Elizabeth is an award-winning environmental educator and founder of Mud Pie Planet, an environmental education firm which emphasizes environmental learning in urban settings, and encourages people to "play where you are planted."

In addition to teaching, Elizabeth has worked closely with non-profit organizations, including Keep America Beautiful and the Wake County (North Carolina) Boys & Girls Club, to plan and execute an inner-city community garden. Elizabeth has also designed Earth Day programs for elementary schools.
